Writing prompt for longer task

This booklet contains the instructions and the planning sheet for the longer task. Please write your answer in the separate writing answer booklet.

Something to Remember

Remember

- You should spend 40 minutes on this task, including up to 10 minutes for planning.
- Use the planning sheet to help you to organise your ideas before you start. The planning sheet will not be marked, but using it may help you to do your best.

Something to Remember

Think of a time when you had to do something that you were worried or excited about.

This could be:

First day at a new school

First time away from home

Making a speech in assembly

A competition or challenge

Or your own idea...

Your task is to write two diary entries:

- **the first one before the event;**
- **the second one after the event, when it is all over.**

In your diary, write some of the most important things that happened to you and your thoughts and feelings **before** and **after** the event.

You can make up some of the details if you cannot remember them clearly.

Planning

Make some brief notes to help you with your diary entries.

The event: _____

Thoughts and feelings
before the event

Thoughts and feelings
after the event
